

## Broken Gulf Sailing Company

---

The Broken Gulf Sailing Company is comprised of courageous sailors and is roughly analogous to the real-world East India Trading Co. (less evil though - probably). Their job is more complex and more dangerous than you might expect due to the stellar drift of constellations that would otherwise provide constant guides. Even they do not dare to stray too far from the coastline.

### Key Individuals

- Named
  - None known yet
- Unnamed
  - Two missing Knights oF Xarius, lost in the Black Fortress

### Key Locations

- Agate Coast
  - Marketplace
  - Tavern
